

Please follow these instructions to reset the time on your IPKI, IPKII or SV8100 phone systems:

### **IPKI**

From the main phone or lowest extension follow these steps:

1. Press the feature key
2. Press the numeral 9
3. Press the # symbol
4. The time will begin to flash

### **IPKII**

From the main phone or lowest extension follow these steps:

1. Press the speaker key
2. Dial 728
3. Dial two digits for the hour (24 hour clock system 13=1pm)
4. Dial two digits for the minutes (00-59)
5. Press the speaker key again to exit this menu

### **SV8100**

From the main phone or lowest extension follow these steps:

1. Press the speaker key
2. Dial 728
3. Dial two digits for the hour (24 hour clock system 13=1pm)
4. Dial two digits for the minutes (00-59)
5. Press the speaker key again to exit this menu
